About Me

I'm a results-driven Senior Marketing Manager with over 5 years of experience leading full-funnel campaigns across Meta, TikTok, and Google. I specialize in turning strategy into execution, blending creative storytelling with data-backed performance marketing to deliver measurable growth. I build systems that don't just look good—they drive results, scale ROAS, and convert audiences into loyal customers.

Academically, I hold a Bachelor's degree in Electrical Engineering with a specialization in Renewable Energy along with an associate-level diploma in Business Administration with a focus on Marketing, providing a solid financial and analytical foundation that strengthens my strategic thinking.

What I Do

I help brands grow through performance-driven, full-funnel marketing strategies. Below are the key areas where I create measurable impact:

- ✓ Full-Funnel Media Buying
I manage end-to-end paid campaigns on Meta, TikTok, and Google—guiding the user from awareness to conversion.
- ✓ Creative Strategy & Messaging
I craft data-informed copy and creatives that speak to audience pain points and drive engagement.
- ✓ Budget Scaling & Optimization
I run A/B tests, analyze performance, and scale winning assets while reducing CPA.
- ✓ Analytics & Tracking
I set up clear reporting, event tracking, and dashboards to measure what truly matters.
- ✓ Growth-Focused Strategy
Every campaign is designed around business goals, with a clear path to ROI and scale.
